

INDEX

NUMBER 1

Focus on research

R. J. Miller (Chicago, IL)

- Multiple opiate receptors for multiple opioid peptides 1

T. Feizi (Harrow, Middlesex)

- Blood group antigens and gastric cancer 7

A. Tiilikainen (Oulu)

- Will monoclonal antibodies solve the secret of the major histocompatibility complex? 12

Review article

L. Uotila and J. W. Suttie (Madison, WI)

- Recent findings in understanding the biological function of vitamin K.
(PROTHROMBIN/PLASMA CLOTTING FACTORS/ γ -CARBOXYGLUTAMIC ACID) .. 16

Original reports

T. Y. Lot and T. Bennett (Nottingham)

- Comparison of the effects of chronic chloroquine treatment and denervation
on noradrenergic mechanisms. (CHICKS/EXPANSOR MUSCLE) 25

K. Pietilä and T. Nikkari (Tampere)

- Acidic glycosaminoglycans inhibit the uptake of tritiated thymidine by rabbit
aortic smooth muscle cells in culture. (CELL GROWTH/INCORPORATION INTO
DNA) 34

A. H. Tissari (Cagliari)

- Increase of dopamine synthesis in synaptosomes from rats treated with neuro-
leptics or reserpine. (STRIATUM/TYROSINE HYDROXYLASE) 38

Short communication

M. Kiang-Ulrich and S. M. Horvath (Santa Barbara, CA)

- Food intake following systemic 6-hydroxydopamine injection. (COLD-ACCLI-
MATION/ADRENODEMEDULLATION) 42

NUMBER 2

Focus on research

K. I. Kivirikko and L. Peltonen (Oulu)

- Abnormalities in copper metabolism and disturbances in the synthesis of collagen and elastin** 45

K. Aho and V. Raunio (Helsinki)

- EB-virus and rheumatoid arthritis: New insights into their interrelation** 49

Review article

T. Tervo, K. Tervo and L. Eränkö (Helsinki)

- Ocular neuropeptides. (SUBSTANCE P/VIP/SOMATOSTATIN/ENKEPHALIN/NEUROTENSIN/GLUCAGON)** 53

Original reports

M. P. Palmer, R. J. Miller, L. Olson and Å. Seiger (Stockholm and Chicago)

- Prenatal ontogeny of neurons with enkephalin-like immunoreactivity in the rat central nervous system: An immunohistochemical mapping investigation. (AXON PATHWAYS/ADRENALS)** 61

T. Lahtinen and O. Eränkö (Helsinki)

- Nerve fibre outgrowth from sympathetic ganglia of the newborn rat in organotypic cultures: Effect of heart auricle co-cultures, fetal calf serum and collagen. (NEUROTROPISM)** 89

K. Andersson, K. Fuxe, P. Eneroth and L. F. Agnati (Stockholm and Modena)

- Effects of acute central and peripheral administration of nicotine on hypothalamic catecholamine nerve terminal systems and on the secretion of adenohipophyseal hormones in the male rat. (NORADRENALINE/DOPAMINE)** 98

H. Tjälve and E. B. Brittebo (Uppsala)

- Uptake of ⁶⁵Zn in tapetum lucidum. (WHOLE-BODY AUTORADIOGRAPHY/ZINC/EYE)** 112

E. Jansson, A. Backman, K. Hakkarainen, C.-H. von Bonsdorff, B. Seniusova and A. Miettinen (Tampere and Helsinki)

- Isolation and preliminary characterisation of mycoplasma virus 20-P. (HUMAN MYCOPLASMAS)** 116

Brief report

M. J. Mattila, E. Palva and K. Savolainen (Helsinki)

- Caffeine antagonizes diazepam effects in man. (PSYCHOMOTOR SKILLS)** 121

NUMBER 3

Review article

E. Jansson, A. Backman, K. Hakkarainen and A. Miettinen (Tampere)

- Viruses of mycoplasmas and spiroplasmas. (MOLLICUTES/DNA VIRUSES/PLASMAVIRIDAE)** 125

Original reports

G. Sandberg and S. Köläre (Stockholm)

- Studies on thymocyte subpopulations in guinea pigs. Differences in cell volume and proliferative ability in vitro of two populations separated by density gradient centrifugation with Percoll. (THYMUS GLAND/ALANINE) 132

R. Rauramaa (Kuopio)

- Acute effect of physical exercise on glycogen content and lipoprotein lipase activity in untrained diabetic rats. (STREPTOZOTOCIN DIABETES/SKELETAL MUSCLE) 139

L. Stavenow, T. Kjellström and J. Malmquist (Lund and Malmö)

- Effect of LDL from smokers and non-smokers on cell mass, proliferation, and collagen secretion by rabbit smooth muscle cells and human skin fibroblasts in culture. (LOW DENSITY LIPOPROTEINS) 144

C. Alling, S. Liljequist and J. Engel (Göteborg)

- The effect of chronic ethanol administration on lipids and fatty acids in sub-cellular fractions of rat brain. (BIOLOGICAL MEMBRANES/BLOOD SERUM) 149

S. Komura, Y. Irizawa and N. Ito (Otsu and Ube)

- Development of alcohol withdrawal by voluntary alcohol intake in tumour-bearing mice. (BREAST NEOPLASMS) 155

Å. Selger and A.-C. Granholm (Stockholm)

- Intraocular fibre growth of grafted locus coeruleus neurons: Sensory denervation counteracts alterations induced by thyroid hormone deficiency. (THYROIDECTOMY/TRIGEMINOTOMY) 159

NUMBER 4

Focus on research

T. Hovi (Helsinki)

- Drug-resistant herpesvirus mutants — tough or bluff? 165

Review article

K. E. O. Åkerman (Helsinki)

- Ca²⁺ transport and cell activation. (RESTING CELLS) 168

Hypothesis

L. F. Agnati, K. Fuxe, M. Zoli, C. Rondanini and S.-O. Ögren (Modena, Stockholm and Södertälje)

- New vistas on synaptic plasticity: The receptor mosaic hypothesis of the engram. (LOCAL CIRCUITS/TYPES OF MEMORY ENCODINGS/RECEPTOR — RECEPTOR INTERACTIONS/COTRANSMITTER) 183

Original reports

G. Jonsson and H. Hallman (Stockholm)

- Effects of morphine on the 6-hydroxydopamine induced changes of the post-natal development of central noradrenaline neurons. (DEGENERATION/PRUNING EFFECT)** 191

S. R. Naik (Joao Pessoa)

- Noradrenaline and dopamine contents in rat heart and adrenals in spontaneous, renovascular and stress-induced hypertension. (TISSUE WEIGHT/BLOOD PRESSURE)** 199

L. Tuomisto and J. Tuomisto (Helsinki and Kuopio)

- Diurnal variations in brain and pituitary histamine and histamine-N-methyltransferase in the rat and guinea pig. (CIRCADIAN RHYTHM/HYPOTHALAMUS/CORTEX/STRIATUM)** 204

T. Y. Lot and T. Bennett (Nottingham)

- The effects of chronic chloroquine administration in growing chicks. (BODY WEIGHT/GROWTH)** 210

Z. Talor (Haifa)

- Blunted pressor response to volume load in conscious dogs with chronic bile duct ligation. (NATRIURESIS/HEMODYNAMIC FACTORS)** 217

K. Pietilä, S. Ylä-Herttua, I. Rantala and T. Nikkari (Tampere)

- Characterisation of cells cultured from advanced atherosclerotic lesions of the rabbit. (SMOOTH MUSCLE CELL/GLYCOSAMINOGLYCANS/PROTEIN SYNTHESIS/COLLAGEN)** 221

NUMBER 5

Review articles

E. F. Hounsell and T. Feizi (Harrow, Middlesex)

- Gastrointestinal mucins. Structures and antigenicities of their carbohydrate chains in health and disease. (BLOOD GROUPS/EMBRYONIC ANTIGENS/DIFFERENTIATION ANTIGENS/TUMOUR-ASSOCIATED ANTIGENS)** 227

E.-M. Suolinna (Turku)

- Isolation and culture of liver cells and their use in the biochemical research of xenobiotics. (CARCINOGENS/XENOBIOTICS/ENZYME INDUCTION)** 237

Original reports

J. Schröder, H. A. Suomalainen, E. Parkkinen, C. Lundqvist, G. Wada and S. Koskimies (Helsinki and Palo Alto, CA)

- Specificity of monoclonal antibodies to an EBV transformed B-cell line. (Ia-LIKE ANTIGENS)** 255

K. Kalla and A. Juusela (Helsinki)

- Calcium-dependent increase in the potassium permeability of human red blood cells by pentachlorophenol and 2,4,6-trinitrophenol. (UNCOUPLING AGENTS/IONIZED PHENOLS)** 260

B. B. Fredholm and U. Lerner (Stockholm and Umeå)

- Metabolism of adenosine and 2'-deoxy-adenosine by fetal mouse calvaria in culture.** (DEAMINATION/DIPYRIDAMOLE) 267

T. O. Eloranta, E. O. Kajander and A. M. Raina (Kuopio)

- Effect of 9-β-D-arabinofuranosyladenine and erythro-9-(2-hydroxy-3-nonyl)-adenine on the metabolism of S-adenosylhomocysteine, S-adenosylmethionine, and adenosine in rat liver.** (ADENOSINE DEAMINASE/ADENOSYLHOMOCYSTEINE HYDROLASE) 272

S. Lampelo (Kuopio)

- Partial purification and characterization of four aminopeptidases from the soluble fraction of human placenta.** (AMINO ACID-β-NAPHTHYLAMIDES) 278

NUMBER 6

Focus on research

R. J. Miller (Chicago, IL)

- Proctolin: An invertebrate neuropeptide** 283

B. B. Fredholm (Stockholm)

- Adenosine receptors** 289

A. Tiilikainen (Oulu)

- Progress in defining the immunobiological events behind HLA and disease associations** 294

Original reports

T. U. C. Järpe, A. J. Hiltunen and M. D. B. Swedberg (Uppsala)

- Ethanol as a discriminative stimulus: Effects of cyanamide, acetaldehyde and chlormethiazole.** (GERBILS/OPEN FIELD/AMBULATION) 298

T. Y. Lot and T. Bennett (Nottingham)

- Comparison of the effects of chloroquine, quinacrine and quinidine on autonomic neuroeffector mechanisms.** (ANTIMALARIALS/NORADRENERGIC/CHOLINERGIC/PURINERGIC*) 307

P. Paakkari, I. Paakkari, H. Karppanen, J. Halmekoski and M. K. Paasonen (Helsinki)

- Cardiovascular and ventilatory effects of taurine and homotaurine in anaesthetized rats.** (HEART RATE/BLOOD PRESSURE/VENTILATION/URETHANE ANAESTHESIA) 316

M. Vierula and H. Rajaniemi (Kuopio and Oulu)

- Epididymal maturation of the surface protein structure of mammalian spermatozoa.** (PLASMA MEMBRANE/ISOTOPE LABELLING) 323

R. Pyhälä and K. Aho (Helsinki)

- Seroepidemiology of H1N1 influenza: The range of the affected population is widening.** (HAEMAGGLUTININ/NEURAMINIDASE) 328

AUTHOR INDEX
